

## Terms & Conditions

"Q-Park Ireland airport parking from ParkCloud" is a trading name of ParkCloud.

1. ParkCloud acts as a booking agent only and therefore all responsibility and liability for all vehicles lie with the car park, hotel, meet and greet service or other establishment ("Parking Provider") reserved. You agree that you are making a booking through a ParkCloud website for online booking agency services only, and the supply of car parking is made by the Parking Provider to you directly when you arrive at the pre-booked location. The Parking Providers are independent companies and not agents or employees of ParkCloud. ParkCloud is not liable for the acts, errors, omissions, representations, warranties, breaches or negligence of any such suppliers or for any personal injuries, death, property damage, or other damages or expenses resulting therefrom. ParkCloud has no liability and will make no refund in the event of strike, force majeure or other causes beyond its direct control, and it has no responsibility for any additional expense, omissions, delays, re-routing or acts of any government or authority.

2. ParkCloud monitors prices to offer the best value for money. Prices can go up as well as down due to seasonal variations and special offers. All prices shown are for pre-booking online and the prices quoted by Parking Providers are usually inclusive of any applicable VAT (or local country equivalent) chargeable in the provider's country, and include any and all other applicable taxes unless otherwise indicated. There are no payment surcharges regardless of the method of payment used.

### 3. Booking and Cancellation Procedures

1. Bookings made through any ParkCloud website generate booking vouchers automatically upon completion of a booking. This voucher may be generated by ParkCloud or by the Parking Provider directly. A booking however is not a guaranteed place. ParkCloud or the Parking Provider may cancel a booking if the Parking Provider is not able to fulfil it. In this circumstance, a full refund will be given if you have pre-paid online.

2. Please make sure you have directions and instructions for the service you have booked, as well as the Parking Provider's telephone number, and details of the entry and exit procedures. It is your responsibility to obtain valid directions before departing - any missed bookings, flights or other problems arising from your failure to obtain valid directions will not be refunded by ParkCloud.

3. If you are charged a higher price than that confirmed on your booking voucher by the Parking Provider because you do not follow the correct booking, entry or exit procedure, or if you fail to present your booking voucher, ParkCloud will not be able to obtain a refund on your behalf.

4. Transfers to a given location may be included in the prices shown on the relevant ParkCloud website, but please check the Parking Provider details listed on the appropriate website or contact ParkCloud before placing your booking to confirm this.
5. If you stay for fewer days than your original booking, it is at the discretion of the Parking Provider whether any discount or refund is applied.
6. Price calculations vary according to many factors, including but not limited to the booking date, length of stay, vehicle drop-off date/time and vehicle pick-up date/time.
7. Depending on the Parking Provider and product you have selected, you may have to leave your vehicle keys with Parking Provider staff. In this case, you must ensure, before leaving your vehicle with the Parking Provider, that it is in a roadworthy condition and that it has all applicable regulatory requirements (e.g. insurance) in place. The Parking Provider in this case reserves the right to move your vehicle within or outside of the car park by driving or otherwise to such extent as the Parking Provider, or its employees, may at their discretion think necessary for the efficient arrangement of its parking facilities at the car park, in emergencies or to avoid accidents or obstructions. Should the Parking Provider's employees need to take your vehicle on the public highway, the Parking Provider's drivers should be fully insured by the Parking Provider for this purpose, however, customers should verify this for themselves.
8. All parking is subject to the terms and conditions of the individual Parking Provider. It is your responsibility to request the Parking Provider's terms and conditions before or upon arrival.
9. Any circumstances resulting in the Parking Provider's employees being kept waiting, including but not limited to, input errors, or late arrivals by customers, may result in an administration charge, payable to the Parking Provider's employees immediately, or the withdrawal of the service with no refund.
10. High-sided or wide vehicles: Not all Parking Providers can accommodate oversized vehicles, vans, camper-vans etc. and, if accepted, there may be an extra charge. Unless specified within the car park information provided on the relevant ParkCloud website, any bookings for parking are valid only for small/average-sized cars. If a vehicle does not fit into this category, it is the customer's responsibility to select the appropriate vehicle type on the booking form, or, if not available, to contact ParkCloud before booking. ParkCloud will not accept refund requests for any supplement charged at the car park if the appropriate vehicle type is not specified when booking, or if the vehicle type cannot be accepted by the Parking Provider.
11. ParkCloud advises customers to arrive with plenty of time to continue their onward travel.
12. All vehicles are parked at the customer's risk. In the event of any complaint, claim or dispute (e.g. if a vehicle should suffer damage whilst left with a Parking Provider, or should a vehicle, or any of its contents, be lost whilst left with a Parking Provider), the customer must deal directly with the Parking Provider concerned. Under no circumstances will ParkCloud take any responsibility for such an event. Any claims for loss or damage to vehicles or in relation to the quality of the service provided should be made to the Parking Provider. ParkCloud will, on request, provide contact details for the Parking Provider. This does not affect your statutory rights as a consumer.

13. Some Parking Providers apply administrative costs and fees to amendments and cancellations. Where applicable, it will be stated at the time of booking and on your booking voucher.

14. Some Parking Providers advise that their services are non-refundable and/or non-amendable. Where applicable, it will be stated at the time of booking and on your booking voucher.

## Cancellation Policy

You must make all cancellation and amendment requests using the "Manage My Booking" facility on the ParkCloud website or by emailing ParkCloud on the published email address. If you make a cancellation or amendment request verbally, over the telephone or directly to a Parking Provider, your request will not be actioned. When you make a cancellation request using the "Manage My Booking" facility, your request will be actioned automatically and the cancellation notice period (defined as the time between your indicated vehicle drop-off date/time and the time ParkCloud is aware of your cancellation) is calculated from the time the cancellation request is made. If you email your cancellation request, it can only be actioned during office hours and the cancellation notice period will be calculated from the moment when ParkCloud actually processes the cancellation request. Customers are therefore advised to carry out cancellation requests using "Manage My Booking".
